

Networking Event - Datacentre.me

The DATACENTRE.ME networking sessions have been designed specifically to offer senior management / C-level professionals within NON-VENDOR organisations (such as data centre owners / operators, enterprises, law firms, banks, independent consultants, installers, etc) the opportunity of meeting other industry experts and VIPs in a relaxed environment. If you are an end user and would like to register for this event, please add your name to the waiting list and we will be in touch in due course. Please ensure that you use a corporate email address (as opposed to a personal one) and a correct telephone number otherwise we will not be able to consider your request. Attendees from vendor / manufacturer / supplier / media / PR / recruitment organisations may only attend these events following specific invite from a DATACENTRE.ME member of staff or a sponsor company. If you are from a vendor organisation and are interested in attending this or a future event, please let us know and we can discuss sponsorship opportunities.

Strictly no students or attendees from any media, event, PR or recruitment organisations and / or other competitors of DATACENTRE.ME shall be permitted entry to this event other than by specific agreement in writing by Caroline Hitchins or other member of the DATACENTRE.ME team

Please contact Caroline Hitchins on 07544 121900 / caroline@datacentre.me with any questions.
